Subject - Enhancing the rate of toll on laden carts entering the limits of Tiptur Town Municipality

Sir,

In forwarding herewith in original, the connected records received from the President, Town Municipal Council, Tiptur, on the above subject, I have the honour to state as follows -

The present levy of toll on laden carts entering the town limits at 0-3-0 per cart was sanctioned in Government Order No L 7558-59/M1 56-40-74, on the suggestion of the local Audit Department, the Municipal Council have with a view to improve the income under this head resolved at their meeting held on 31-7-44 that the present rate of levy of toll on laden carts be enchanced to 0-4-0 per cart

As the required formalities have been observed and the proposed enhanced rate being the maximum rate prescribed in section IV of the Town Municipalties Act of 1933 and as objections have not been received within the prescribed period in respect of the enhanced levy, I request that sanctionxd of Government may be kindly obtained to the resolution of the council, for the levy of tolls on laden carts entering the town limits at the enchanced rate of 0-4-0 per cart

I have the honour to be,
Sir,
Your most obedient servant,

Copy of letter No.615Ø S L A.C dated the 8th February 1944 from the assist Comptroller Local Audit Circle Shimoga to the Deputy Commissioner, Tumkur. District Tumkur

Sir,

I have the honour to state that during the audit of the accounts of Tiptur Town Municipality for 1941-42, the Local Auditor has made the following observations which seem to deserve immediate consideration in the interests of the Municipal Revenues and also to have a procedure in conformity with that in vogue in other Municipalities

1) Dry and fresh cocoanuts as well as jaggery are being brought to Tiptur Town in large quantities and octroi duty is not levied on them as is done in other Municipalities

2) At present the shandy is allowed to take place in the Town itself and there is no revenue from shandy on account of this A separate maidan for this purpose may be allotted and ground rents levied so that Municipal revenue may be improved and facilities and comfort created both to the seller as well as to the buyer as is in vogue in other places

3) The toll levied on laden carts is 0-3-0 as against 0-4-0 levied in other Town Municipalities By enhancing the rate the toll, revenue will be improved by 33 % of the income on laden carts Carts passing through the town to other places are not being controlled by issue of through passes at one gate and recovering them at the other gate As there is the risk of loss of toll revenue, through pass system may be introduced

4) The right of slaughter is not being auctioned nor is any tax levied on the anumals brought into the town for the purpose of slaughter The Municipality has been losing revenue on account of this omission
